* If you answered 'NO' to any of these questions, your submission will NOT be approved by ABC.
* Agreeing to these terms but not following them as instructed will result in issuance of SQIN (Supplier Quality Issue Notice), which will be followed by necessary financial charges

Supplier **CAN NOT** make any changes to the Supplier Questionnaire. Any changes will automatically invalidate the submission and Supplier will be responsible for resubmitting the approval to the standard and meeting the approval requirements.
For any question or packaging changes please contact ABC operational plant engineering/purchasing
